Company Profile

ARYAN RUBBER PRODUCTS represents desire to achieve customers Satisfaction through hard, dedicated and quality work; in our case, in the Field of rubber products.

ARYAN RUBBER PRODUCTS was started as a manufacturer for rubber items in the year 2008. We are counted amongst one of the leading manufacturers of rubber products, out of various compounds like NATURAL, NITRILE, EPDM, NEOPRENE, HYPOLENE, SILICON, VITON and POLYURETHANE RUBBER.

Quality is the backbone of any well known company. Through our continuous efforts and sense of customer satisfaction we are always confident in developing complicated items including import substitutes. We have earned customer confidence by understanding their expectations and fulfilling them.

ARYAN RUBBER PRODUCTS has specialized in development, research and production of items which are being used in various industries, using high profile devices for pneumatic and hydraulic systems. We are the manufacturers of high tensile rubber items as per customer's specification with excellent heat resistance water proof and wear resistance. The material used is exactly as per the specifications after ascertaining the exact application. Raw material undergoes thorough inspection in our laboratory before use in manufacturing.

We Deserve To Serve You

Technical Specification :

MATERIAL	TEM RESISTANT	OIL RESISTANT	ABRASSION	OZONE	TENSILE STRENGTH (PSI)	ELONG- -ATION	TEAR RESISTANT
NATURAL RUBBER(NR)	85 DEG.	85 DEG.	FAIR	POOR	4500	600- 800%	GOOD
SYNTHETIC RUBBER(IR)	85 DEG.	FAIR	FAIR	FAIR	4500	600%	GOOD
POLYBUTADIN RUBBER(BR)	70 DEG	FAIR	EXCELLENT	FAIR	POOR- FAIR	POOR- FAIR	LOW POOR
STYDENE BUTADINE RUBBER(SBR)	80 DEG	FAIR	GOOD	FAIR	3000-4000	500- 600%	EXCELLENT
NEOPRENE(CR)	95 DEG	EXCELLENT	GOOD	GOOD	4000	800%	GOOD
NITRIL RUBBER(NBR)BUTADINE ACRYLO NITRIL RUBBER	100 DEG	EXCELLENT	EXCELLENT	GOOD	2500	550%	FAIR
EPDM ETHYLENE PROPLENE DIENE	140 DEG	POOR	EXCELLENT	EXCELLENT	3000	500- 600%	EXCELLENT
FKM(VITON)	250 DEG	EXCELLENT	GOOD	EXCELLENT	1500-2000	600%	POOR
SILICON (MVQ)	>150 DEG	GOOD	POOR	EXCELLENT	1500	600%	POOR
BOTYL RUBBER (IIR)	100 DEG	POOR	FAIR	GOOD	3000	400%	EXCELLENT
HYPALON RUBBER(SM)	150 DEG	GOOD	EXCELLENT	EXCELLENT	3000	300- 500%	FAIR

'O' Ring

Size	Material
2mm ID to 2000mm ID, thickness 1 mm to 25 mm, More than 5000 Sizes	Nitrile, Neoprene, Silicon, Viton, EPDM,P-U & Fiber, PTFE

Oil seal

Size	Material
10mm OD to 1100 mm OD, More than 200 Sizes	Nitrile, Neoprene, Silicon, Viton, EPDM

Hydraulic/Pneumatic Seal

Size	Material
10mm OD to 1100 mm OD, More than 2000 Sizes	Polyurethane, Butyl, Filled PTFE,NBR, Nylon with Reinforced Rubber

Gasket

Size	Material
20 mm to 1000mm Available in various thickness, More than 1000 size	Natural , Synthetic Neoprene, Silicon, EPDM, Viton, PTFE, Asbestos, Non-Asbestos & Spiral wound Gasket

Grommet

Size	Material
20 mm to 1000mm Available in various thickness, More than 1000 size	Natural , Synthetic Neoprene, Silicon, EPDM, Viton, PTFE, Asbestos, Non-Asbestos & Spiral wound Gasket

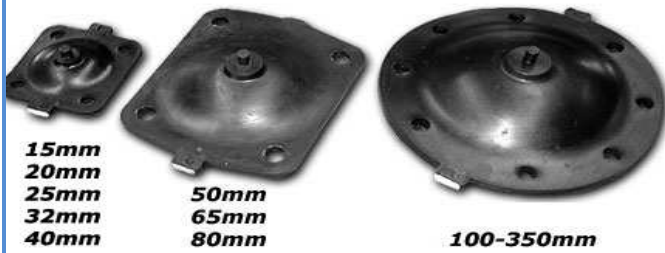

Rubber Sheet

Size	Material
Thickness 0.2 to 40mm 1500 W to 2000mm L long length	Natural , Neoprene, Silicon, EPDM, Viton, & Sponge Rubber

Diaphragm

Size	Material
20 mm to 600mm for different applications	Natural , Neoprene, Silicon, EPDM, Viton, PTFE etc.

Rubber Bush /Coupling Bush

Size	Material
More than 500 Sizes	Natural , Neoprene, Nitril, Canvas, Viton, Reinforced with Rubber, Nylon, PTFE.

Rubber Coupling

Size	Material
More than 200 sizes for different applications	Natural , Nitril , Fiber, Impetrated With or without metal fitting

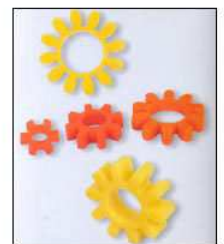

Tire Coupling

Size	Material
More than 75 Sizes for power Transmission, Generators.	Natural, Neoprene, Nitril, fiber Impetrated.

Star Coupling

Size	Material
More than 50 varieties	Natural , Neoprene, Silicon, P-U

Anti Vibration pad / Mountings

Size	Material
More than 150 sizes & varieties More than 50 varieties	Natural, Nitrile, With or without metal fitting.

Rubber Cord

Size	Material
1.0 mm Dia to 50 mm Dia	Natural , Neoprene, Silicon, silicon, Viton, sponge , PTFE, Polyurethane

Rubber Strip

Size	Material
More than 10000 Sizes	NBR, EPDM, Silicone, Viton, Strong EPDM, Capsul, foam strip

Tubes / Rubber Sleeve

Size	Material
Id-4 mm to 75 mm more than 1000 sizes	Natural , Neoprene, NBR, Viton, silicon, polyurethane, PTEF

Metal Bonded Parts

Size	Material
More than 200 varieties	Natural , Neoprene, Nitril , silicon, viton

Victaulic coupling

Size	Material
15mm to 150 mm	Casting –SGI / S.S Bush – Neoprene, Nitril ,Etc

PTFE Parts

Size	Material
More than 1000 sizes & varieties for Hydraulic , Pneumatics valves	Pure PTFE , BFT, CFT & (MOS2)

Expansion Bellows

Size	Material
1" NB to 72" NB with hydro testing up to 24 bar pressure	Neoprene, EPDM, Silicon, Viton , Natural rubber

Protection Bellows

Size	Material
Round, Square, Rectangular, octagonal, Odd shapes	Nylon Fabric coated With, Polyurethane, High Tensile polyimide fabric, canvas, leather, Nylon Fabric with Rubber

Castors

Size	Material
More than 200 sizes with different fitting	Polyurethane, Rubber Nylon MS/SS Castors
